

Oxford-Ohoka Community Board Community Plan 2022-2025

Ward	Population
Oxford-Ohoka Ward	13,200
Rangiora-Ashley Ward	26,900
Kaiapoi-Woodend Ward	26,100
Subdivision	Population
Ohoka-Swannanoa Subdivision	6,685
Oxford	6,515

* Estimated resident population as at 30 June 2021

Chairperson's Message

Dear Residents of Oxford and Ohoka

The Oxford-Ohoka Board has worked hard in the past 12 months to both foster a closer relationship with the community through improved engagement and to advocate for the community regarding several important issues.

We have introduced a Board Facebook page which has enabled us to communicate very rapidly with the community about issues and events. This has had a good uptake, and resulted in some very positive feedback.

The Board submitted on the Council's Draft Annual Plan and Environment Canterbury's Draft Annual Plan. Some of the things we included in our submission were:

- A request for multi-use foot paths and cycleways to connect our rural communities
- Upgrade to the West Eyreton Pit
- General roading upgrades
- Continued requests for a 40km/h speed limit on Main Street in Oxford.

The Board has continued to have strong uptake of its grant funding with requests most meetings and with Board members having to make some tough choices on how this money is spent. This is thanks to Board members actively promoting the grant to their communities.

The Boards focus has been centred on two major issues which are of vital importance to the ward.

The first was the Plan Change 31 proposal that the community was against, and which required us to submit in opposition alongside the Council, Kaiapoi-Tuahiwi Community Board, the resident's association, and the local community. The decision to decline the Plan Change has since been appealed at the Environment Court, therefore we will continue to advocate for the community throughout the appeal process.

The second major issue was the Woodstock Quarry Landfill Resource Consent application with the Board receiving overwhelming feedback in opposition to the Application. We spent many hours working on our submission in opposition with information and data obtained from knowledgeable and expert sources. Despite the number of submissions in opposition to this application, the applicant continues to press ahead with the process, therefore the Board will need to continue its opposition as the process continues to be delayed and amended.

2023 has been a very busy year for our Community Board and I would like to thank the members for their hard work and dedication, the community involvement that we now enjoy is thanks to this hard work and commitment.

I would also like to thank Sarah Barkle, Deputy Chair for her help and support during my tenure as Chairperson. Sarah will be taking over the Chair in May 2024 while I step down to take over the position of Deputy.

Thomas Robson

Chairperson

Oxford-Ohoka Community Board

Please note that Thomas Robson provided the 'Chairperson's Message' as he was Chair during 2023. However, Sarah Barkle takes the Chair from 1 May 2024 until the end of the term.

About the Oxford-Ohoka Community Board

The Waimakariri District is divided into three wards with the Oxford-Ohoka Ward covering predominantly the southern to the south-western area of the Waimakariri District.

Bordered by the Waimakariri River, the community areas include Mandeville, Ohoka, Eyreton, West Eyreton, Swannanoa, Oxford through to the northern foothills, Ashley Gorge, and across to Lees Valley.

The community area of Oxford-Ohoka comprises a diverse mix of properties and people, ranging from small to medium-sized urban settlements to rural farms. As the largest geographic Ward in the District, the community area plays an essential role in the economic growth and character of the District.

While farming and land-based industry are the traditional economic activities, there have been notable recent growth in dairying, construction and manufacturing.

What is a Community Board?

The Local Government Act (2002) states that the role of a Community Board is to represent and advocate for the interests of its community. The Waimakariri District is currently divided into three wards and four Community Boards, with the Oxford-Ohoka Community Board providing feedback, leadership and support to residents within its community area.

Oxford-Ohoka Community Board members

The Oxford-Ohoka Community Board is the District's newest Community Board, elected for the first time in the October 2016 Local Body elections. The Board comprises six elected members, plus two appointed Councillors of the Waimakariri District Council, giving it a total of eight members.

The Community Board is not the Council, nor is it a committee of the Council. Instead, the Board works collectively with the Council to achieve community goals. The Board is also responsible for any areas delegated to it by the Council.

How does the Community Board do this?

- Taking an overview of the Council's services and projects affecting the Ward area, including water supply, sewerage, stormwater drainage, parks, recreational facilities, roading and traffic management projects
- Engaging with residents, community organisations, and groups in developing local solutions, keeping the public informed, and being visible and accessible
- By encouraging community participation in Community Board and Council decision-making
- Advocating to the Council on key issues and priorities for the community area, especially through the Annual and Long Term planning and budgeting process
- Granting of leases or licences on reserves
- Working collaboratively with other Community Boards to promote an understanding for the work being done in the District as a whole
- Maintaining positive working relationships with key Council staff and management.

Performance Expectations 2022-2025

The Oxford-Ohoka Community Board is made up of people who have a passion for their diverse communities and believe in working together to bring positive change to them through:

- Engaging with individuals, groups, other Boards, and the Council to provide the best outcome for the Oxford-Ohoka community and the District as a whole
- Engaging and interacting with younger generations by seeking their views and feedback on important issues in the ward
- Engage with local schools, the Youth Council, community and advisory groups and offer encouragement for their projects and provide assistance where practical
- Developing closer links and relationships with key settlements and groups in the Oxford-Ohoka Ward, as well as with significant District-wide organisations
- Developing strategies for the Board to become an effective, cohesive voice in representing the community viewpoint at meetings and policy hearings
- Developing and promoting the Community Board as a vehicle for local residents to seek assistance and advocacy in accessing Council services and consultation processes
- Maintaining positive working relationships with key Council staff and management
- Actively participating in Council business and the annual budget process to ensure equitable spending across the District whilst being mindful of rates affordability
- Support the Council's Local Economic Development Strategy to encourage business growth across the community area
- Continue to advocate for the protection and enhancement of waterways and wetlands for recreational purposes
- Advocating for balanced growth that enhances and protects the character of the communities' recreational, opportunities, livability and employment
- Working closely with each community to identify and encourage attractive streetscapes which enhance the visual profile of that community
- Advocate for community concerns regarding safer roads and cycleways
- Lobbying for improved infrastructure for modern technology i.e. recharging stations, better internet, etc.

Ohoka Gate Keeper's Lodge

What's happening in your area, now and looking forward?

There are a number of projects underway in the Oxford-Ohoka Ward area, this section outlines those projects.

Ohoka/Mandeville

Infrastructure

Cycleway on Tram Road – The tender for construction was awarded at the end of 2023. Construction commenced in January 2024. The new cycleway will have its end terminus at Mandeville Sports Ground.

Tram Road cycleway

Flooding – The Flood Team have been working through 347 drainage related service requests received throughout the District after the July 2023 event. This work has identified that there is a total of 80 investigations and 126 maintenance tasks that are being undertaken to address the issues raised in the service requests. 24 immediate works projects are planned throughout the District. See Flood Recovery Fortnightly Status Report on the Council website for updates.

Mandeville Resurgence Channel Diversion/ Upgrade (Mandeville) – Project is progressing well, with successful drop-in sessions in September 2023, followed by two productive Council workshops in November 2023 with further consultation during the beginning of 2024.

Redfern Lane, over Tram Road, through Millfield subdivision into Bradleys Road drain - This project will be completed in two stages to be determined during the 2024-2034 Long Term Plan process.

Drainage projects – The Board has always urged the Council to continue to work on mitigating the drainage/flooding problems in its area, and is therefore happy to support any scheduled drainage projects.

Mill Road SMA (Ohoka) – Construction of new stormwater basin near Kintyre Lane. Project is currently on hold due to major consenting issue related to incidental interception of groundwater.

Greenspace/Recreation

The Board allocated funds from its Landscape Budget for the installation of a bench within the Ohoka Stream Walkway. The bench has now been installed and is a much appreciated addition to this area..

West Eyreton

Infrastructure

Historic signs within West Eyreton – Historic signage is being developed with input from the community, board members and staff.

Washington Place – Washington Place residents met with staff at a public meeting at the West Eyreton Hall to discuss drainage concerns in this area. As a result of this meeting and consultation mitigating works are currently being carried out with flood team assessing immediate drainage works to be implemented in 2024. Larger capital projects are programmed for the 2024/25 financial year.

Greenspace/Recreation

The Board has advocated for the beautification of the old West Eyreton shingle pit for some time and after a recent workshop held with Greenspace staff the Board requested that this area be transformed into a native wetland biodiversity node. Greenspace biodiversity staff are in the process of creating a plan for this site for the Board's consideration and funding will be sought through the Long Term Plan process to achieve this initiative.

Oxford

Infrastructure

A new footpath has been installed in Weka Street from the existing footpath east of Totara Drive to Park Avenue. This was completed during the 2022/23 financial year. Knight Street and Matai Place are currently in the new footpath programme for the 2024/25 and 2025/26 years.

Speed management – Main Street – At the Council's September 2022 meeting, the motion was passed to retain the 50km/h speed limit on Main Street Oxford. The Board wrote a letter to the Mayor expressing its disappointment with the decision. This matter could not be raised again until September 2023, however the Board continues to advocate and encourage the Council to reconsider changing the speed limit to 40km/h, as requested by the community. Council considered whether this should be consulted upon as part of the Draft Speed Management Plan, however declined to progress this in the current iteration of the Speed Management Plan. Further discussions with Council are planned in the new year.

Drainage projects – The Board has always urged the Council to continue to work on mitigating the drainage/flooding problems in its area, and is therefore happy to support the following scheduled drainage projects:

Matai Place Stage 2 (Oxford) – A design for the provision of a secondary flow path via Eriksons Lane to Park Avenue is in progress.

Flannigans Drain downstream upgrade – Design budgeted for the 2025/26 financial year.

Oxford – Water supplies

Oxford No 2 Well – New bores for Oxford Rural No.1 and Oxford Rural No.2/Urban water supply being constructed at McPhedrins and Domain Road sites.

- UV treatment being installed at the Oxford Rural No.1 and Oxford Rural No.2/Urban water treatment plants
- Water pipeline renewals works on Woodstock Road (Oxford Rural No.1) and McJarrows Road (Oxford Rural No.2)
- Ashley Gorge campground is now connected to the Oxford Rural No.2 water supply
- Chlorination of the Oxford Urban water supply.

Street lighting

Staff are working through the Engineering Code of Practice review and this is likely to go to the Utilities and Roading Committee in the first quarter of 2024.

Greenspace/Recreation

An off-lead rural dog exercise area within the Oaks Reserve in Oxford was consulted on during summer 2023 and a concept plan developed from the feedback received.

Ashley Gorge Reserve

The concept plan will then be presented to the Board for approval and implementation.

The Board allocated funds from its Landscape Budget to restore the Williams Flat Track in Ashley Gorge. The Ashley Gorge Advisory Group are managing this project and volunteers are working hard to complete the work.

Ward-wide happenings

Freshwater – The Board is passionate about the issues surrounding freshwater. Our District does not have an infinite supply of freshwater and therefore the Board supports initiatives and all practicable methods to protect our waterways. The Board will continue to monitor land and waterway consents and wastewater infrastructure in a bid to mitigate adverse impacts on our freshwater. The Board encourages the community to assist on this long road to recovery as it is essential for our future and the generations who follow.

Riparian planting – The Board will continue to support the development of a strategy for native, riparian planting along waterways and Council drains in the Board area. The Board will also support the development of green pathways between towns and reserves, as this is an issue that has been brought to Board members' attention by a number of residents living in rural areas.

The Board advocates for the protection of rural communities to retain their amenity while having the opportunity to be connected to updated facilities and services such as better access to medical, options for other transport

Walkways

choices including public transport and ensuring adequate public consultation is done to include residents' opinion. Because of this, the Board was strongly opposed to Plan Change 31 and was pleased when Commissioners agreed with the community and Council stance against the 'urbanisation' of Ohoka.

Rural heritage – The Board supports this initiative and would like to work in partnership with the community to ensure the history of the District is kept safe for future. The Board is currently working on an initiative to establish a historic display boards explaining the history of West Eyreton. This initiative is hoped to be expanded to include other areas of the ward and District.

The Board is supportive of Community Projects

There are several projects or initiatives that the Board is interested in offering its support. These include:

Wolffs Bridge – The Council consulted on the options for Wolffs Bridge with the majority of residents requesting that the bridge be restored. The Board in considering the public's request, also had to take into account the costs associated with any work done. Therefore the Board decided to support in principle, a joint Council and community funding option being investigated to meet the refurbishment costs, subject to advice from Heritage New Zealand on the status of the bridge components.

Board submissions

The Board lodged detailed submissions on Environmental Canterbury's and the Council's 2023/24 Annual Plans.

The Board also submitted on Environment Canterbury's 'What's our Future Canterbury' which included the Board's thoughts on improving water quality, preserving special qualities of streams, lakes, wetlands, aquifers and preventing loss of indigenous biodiversity and management of intrusive species. Other areas covered were land management, climate change, air quality, coastal and built environments. The Board continues to work with Environment Canterbury on water related matters.

The Board submitted on the Woodstock Quarries resource application and also ran public forums to give advise to residents who were also wanting to object to the application.

The Board has worked diligently to ensure the communities views are heard and are awaiting the decision.

The Board submitted strongly in opposition to Plan Change 31 which assisted in the application being declined by the independent hearing panel.

Engaging youth

One of the Board’s objectives for this term is to increase its engagement with the youth across the District and will be increasing its engagement with schools in the ward and strengthening ties with the Youth Council to ensure that the youth perspective is included in its decision making and planning for the future. The Board attended a ‘meet and greet’ with the Youth Council prior to attending and contribution to the September 2023 Youth Council meeting which followed.

Discretionary grants

The Board will continue to support a wide range of local community groups through the Board’s discretionary funding grants. Further information can be found on this topic on page 11.

Youth Development grant

The Board will continue to support the Waimakariri Youth Development Grant which is aimed at young people living in the District aged between 12 and 24 years. Further information can be found on this topic on page 12.

Board’s landscape budget

Used District wide to enhance amenity and beautify the ward. Further information can be found on this topic on page 13.

Oxford-Ohoka Community Board Discretionary Grant

Each financial year (July to June) the Oxford-Ohoka Community Board is allocated funds to distribute, by application, to community-based organisations within their community area.

For the 2023/24 financial year the Oxford-Ohoka Community Board has \$6,159 available for grants to non-profit community based organisations.

Applications will only be accepted from non-profit community-based organisations, registered charities or incorporated societies.

- The group should have strong links with the community area of Oxford-Ohoka
- Grant funding is limited to projects within the Board area or primarily benefiting the residents of the Oxford-Ohoka Ward
- The applicants should clearly state the purpose for which the money is to be used
- Money should primarily be used for capital or improvement works, for enhancement of the group, or towards the purposes of the group, including events involving community participation
- The applicant should submit a balance sheet which shows their current financial assets and liabilities. Applications cannot be processed until financial information is received
- Where possible or feasible, applicants must declare other sources from which funding has been applied for, or granted from, for the project being applied for

- Organisations that are predominately funded by Central Government must provide supporting evidence that the requested grant will not be spent on projects that should be funded through Central Government funding
- Grant applications will be considered at each meeting by the Oxford-Ohoka Community Board
- Generally funding grants will be a maximum of \$500 in any one financial year (July to June), but the group can apply up to twice in that year, providing it is for different projects
- Examples of what is not funded are available on the application documents.

Application process

Application forms can be picked up at any of the Council's Service Centres.

Alternatively an application form can be printed, downloaded or completed online from the Council's website: waimakariri.govt.nz/council/funding-and-grants/board-grants-and-funding

The completed application should be posted to:

Governance Team

C/- Waimakariri District Council,
Private Bag 1005, Rangiora 7440

or emailed to: com.board@wmk.govt.nz

or dropped into your local Council Service Centre (see back page for details).

North Canterbury Pony Club	Towards the cost of St John's Ambulance services	\$500

Oxford Land Search and Rescue

Swannanoa Volunteer Fire Brigade

Oxford Football Club

Inclusive sports - Waimakariri Access Group

Waimakariri Youth Development Grant

Purpose of the grant

In 2018 the Waimakariri Community Boards established the Waimakariri Youth Development Grant to support one or more young people seeking:

- To enhance young people's skills and strengths; especially self-worth, decision-making, good relationships, resilience, positive mental health, life-skills and leadership
- To provide opportunities for young people to connect positively with their community in meaningful, practical ways
- To help and benefit others.

General overview

Available to young people living in the Waimakariri District aged between 12 and 24 at the time of application. An annual grant of up to \$4,000 is available for allocation to suitable applicants in any one year. The Youth Development Grant Committee may award more than one grant up to a combined maximum of \$4,000 in a financial year (1 July 2023 to 30 June 2024).

Application process

Applications must be fully completed and supported by two references. For example teachers, school principals, employers, faith leaders, youth workers or community group leaders. One reference may be permitted from a member of the applicant's wider family. The applications for the 2023/24 financial year opened at the end of September 2023 and the closing date was 20 October 2023. Information are available on the Council website at: waimakariri.govt.nz/community/funding-and-grants/youth-development-grant

Selection process

The Youth Development Grant Committee includes the four Community Board Chairs and an appointee of the Waimakariri Youth Council. The Committee is the sole decision-making body.

Short-listed applicants will be expected to present their application to the Committee in person and to answer any questions that the Committee may have. Applicants will be expected to provide an overview of their proposed project/activity to the Committee and they may choose how to do this. The Committee members will ask all applicants a series of general questions to help them make a decision.

The Council staff will work with the successful applicant to formalise an agreement on how the grant will be paid to them. This is really important as the Committee needs to be sure that the grant is spent on the project/activities the applicant has told them about and to also provide additional guidance to our youth.

Previous recipients

Group	Project	Amount
Waimakariri Student Volunteer Army	Towards the costs of purchasing high visibility vests, work gloves, a first aid kit and spades to do volunteer work within the community.	\$1,733
J Reyello, L Price and E Stokes	Towards attending the 2020 24-7 YouthWork National Training to be held in Wellington.	\$2,000
Abby Fraser	Towards establishing a weekly Breakfast Club for young people attending Rangiora High School without breakfast.	\$4,000
Lee Pockson	Towards hosting Theatresport workshops for young people.	\$1,000
Ruby Wilson	Towards hosting two Leadership Breakfasts for young leaders in the Waimakariri District.	\$3,000

Board's General Landscaping Budget

2023/24 Financial Year

Each financial year (July to June) the Oxford-Ohoka Community Board is allocated funds to be used for projects which enhance and beautify the community such as landscaping, public seating and signage. For the 2023/24 financial year the allocation for the Landscape budget is \$13,090 plus a carry-over of unallocated funds from the previous year of \$590. This led to a total allocatable budget of \$13,680. Note that budgets are estimated and any underspend will be used to mitigate any overspend on other projects. The Board's current projects are highlighted below:

Account description	Status	Budget	Remaining
Oxford-Ohoka Community Board current projects			
Ohoka Stream Walkway and seat	In progress	\$3,500	
West Eyreton Historic Signs	In progress	\$5,150	
The Oaks Reserve Development	In progress	\$4,710	

Ohoka Domain - Playground and Flying Fox

Where and When are Meetings Held?

Meetings are usually held on the first Wednesday of the month at 7pm at different venues within the Community Board area.

Anyone is welcome to attend the Board meetings. Public forums are held at the start of each meeting from 7pm to 7.25pm. This is a defined period of time which the Oxford-Ohoka Community Board has set aside for the purpose of public input. These public forums are designed to enable members of the public to bring any matter, which they deem of significance to the community, to the attention of the Community Board.

Members of the public, groups and organisations can also bring matters to the attention of the Community Board by bringing a deputation to a Board meeting. Deputations can be arranged by contacting the Governance Team and will be approved by the Chairperson.

Residents are also always welcome to contact Community Board members directly to discuss Council and community related matters.

Agendas are available at the Council Service Centres and on the Council's website two working days before a meeting at:

waimakariri.govt.nz/your-council/meetings
